

1. Title: **Accounting**

2. Summary of Goals—Learning Outcomes:

At the completion of courses for an Accounting major at Golden West College, the successful student should be able to:

- Apply accounting concepts to service, merchandising, and manufacturing operations.
- Prepare income statements, equity statements and balance sheets, and cash flow analyses.
- Analyze accounting ratios and cost volume profit relationships, devise budgets, utilize federal income taxation concepts to compile individual tax returns and form, as well as apply accounting elements to various operating cycles such as accounts receivable, accounts payable, payroll, and corporate finance.
- Conduct the management functions of planning, directing, controlling, organizing, and evaluating an organization, and address internal controls policies.

3. Course Listing (23 total units):

A minimum of 6 required courses from the following course list:

Accounting G100**	Accounting for Small Business (optional)	3
