

1. Title: **Psychology**

2. Summary of Goals—Learning Outcomes:

At completion of courses for a Psychology major at Golden West College, students should be able to:

- Characterize the nature of psychology as a science.
- Understand and apply psychological principles to personal, social, and organizational issues.
- Use reasoning to recognize, develop, defend, and criticize arguments related to conclusions about psychological issues.
- Identify appropriate applications of psychology in solving problems, such as the origin and treatment of abnormal behavior, pursuit and effect of healthy lifestyles, psychology-based interventions in clinical, educational community, and other settings.
