The School of Nursing at Cal State Fullerton will be offering RN-BSN courses for ADN students enrolled in partner Community Colleges during each summer semester! Each summer the CSUF School of Nursing will be offering:

**NURS 305 Professional Nursing (4 units)**
NURS 310 Nursing Research/Evidence Based Practice (3 units)

**N305 Course Description:** The professional nursing role is examined including nursing theory and research, ethics theory, communication theory and principles, and the nursing process. Selected psychosocial concepts and theories and their relationship to health are the focus of assessment and implementation with individual clients. Theories and concepts of health and techniques in health promotion are presented from a holistic framework. The influence of culture, social support, and values upon the nurse and the client are evaluated.

**N310 Course Description:** Emphasis is placed on the development of nursing knowledge and the improvement of nursing practice through current relevant evidence. Research methods are examined and current issues are analyzed in relation to the implementation of evidence-based practice in selected settings.

**Course Format:** Each course will be offered either through a traditional in-person, on campus course, or an online option, in which students may only meet on the first day of the course. There will be an in-person, on campus, mandatory Jump Start orientation on the first day of the course (June 3rd).

**Cost:** Course fees are determined by University Extended Education and may vary from year to year. Fees are due in full at time of registration. Books are an additional cost. CSUF financial aid is not available for these courses.

**Eligibility:** Students must meet the following criteria to be eligible.
- Completed at least 1 semester of the ADN program by the summer of intended enrollment
- Completed all the CSUF Nursing prerequisites by the summer of intended enrollment
- Be in good standing at home campus and have a cumulative GPA of at least 3.0

**Time Commitment:** To be successful in these courses, students must be willing to devote a significant amount of time to coursework each week. Students should plan to spend approximately 10-15 hours per week, per class.
