Nursing Programs

About Our Nursing Programs
With its over 25-year history, the College of Nursing and Health Care Professions at Grand Canyon University's Phoenix campus has grown to offer a full-spectrum of nursing programs from pre-licensure BSN through doctoral. The following programs are offered online.

Bachelor's Programs
Registered Nurse to Bachelor of Science in Nursing (RN to BSN)

BSN to MSN Fast Track Option

Bridge and Certificate Programs
Multiple bridge programs allow RNs with a non-nursing bachelor's degree to pursue an MSN.

Post-master's certificates are available in many of the same MSN emphases listed.

Master's Programs
- Master of Science in Nursing (MSN) with select emphases in:
  - Nursing Education
  - Nursing Leadership in Health Care Systems
  - Public Health
  - Health Care Informatics
  - Adult Clinical Nurse Specialist
  - Adult Acute Care Nurse Practitioner

- Master of Business Administration (MBA) and MSN with an emphasis in Nursing Leadership in Health Care Systems (Dual Degree)

Doctorate Program
- Doctor of Nursing Practice

Key Advantages:
- Take courses online or through evening cohorts that meet once a week at approved locations
- RN to BSN, MSN and doctoral programs
- BSN and MSN are CCNE accredited; DNP curriculum aligned with AACN essentials
- Embrace a holistic approach to caring – physically, emotionally and spiritually
- Classes are taught by full-time faculty and academically prepared, practicing nurses
