2:00 PM - Online Event

Join us for a welcoming and empowering community gathering with **Rosa Revuelta**, a coach, facilitator, and advocate dedicated to supporting immigrants, first- and second-generation folks, and all who navigate the in-between spaces of culture, identity, and belonging. This gathering offers a safe space to connect, share stories, and reflect on identity, resilience, and healing while building community through conversation and connection.

- **Bootcamp Entrepreneurship Series: Three Sessions total**

Students will learn the process of starting their own business through hands-on teamwork, brainstorming, and pitch-building. This series leads into the **UndocuStartup Bootcamp**, where participants will have the opportunity to propose business pitches for a **cash prize**. Please help us recommend and encourage students who you know would thrive in this opportunity to participate in the Bootcamp and UndocuStartup pitch competition.

October is Relationship Violence Awareness Month. I've shared a campus invite with you to join and promote a monthly calendar of education, awareness, and support for survivors.
