2026 COMMENCEMENT STUDENT SPEAKER

Michelle Guzman

Michelle Guzman is completing her associate's degree in communications at Golden West College. She will be transferring to CSULB this fall to complete the Speech Pathology undergrad program. Michelle is a soon-to-be first-time parent, which gives her the motivation to persevere and accomplish her goals. Though it will be challenging to have an infant and participate in a competitive program, she knows nothing is impossible.

In addition to her studies, Michelle currently works at a local elementary school, where she has grown both academically and professionally by developing skills in communication and child development. Michelle is especially interested in opportunities that allow her to apply her knowledge in real-world settings and would like to continue learning and working in a school setting.

Looking ahead, Michelle plans to pursue a career in Speech Pathology and hopes to earn a Doctorate in Audiology. She believes the sky is the limit and is motivated to keep striving for what she once thought would not be possible.

ACADEMIC COSTUME

During the 12th and 13th centuries, students wore habits, or cloaks with hoods, which were designed to provide warmth in unheated buildings. The more colorful modern academic costume, worn more for its symbolism than for any practical purpose, originated at Oxford and Cambridge universities in England in the 1300s, and has been continuously in use in the United States since colonial days.

The mortarboard cap represents no particular degree or school, except that the short, gold tassel is worn only by holders of the doctoral degree. The tassel may be worn on either side of the cap, or wherever the wind places it! The gown itself is usually black for all holders of baccalaureate or higher degrees. Bachelor's and master's degree styles differ little, but doctoral gowns are faced with velvet panels down the front and velvet bars on the bell-shaped sleeves. Only the hood itself shows by its length and colors the distinctions among degrees, academic majors, and colleges or universities which conferred the degrees. The higher the degree, the longer the hood and the wider the velvet facing which outlines the hood: bachelor's, master's, and doctor's hoods are three feet, three and one-half feet, and four feet long, respectively. In addition, the velvet trim is two, three, or five inches wide (narrowing only around the neck) in the same order of degrees. The color of the velvet facing denotes the academic area in which the degree was awarded, as listed below. The colors of the satin lining in the hood are the school colors of the institution where the degree was awarded (e.g., University of California colors are blue and gold, and the University of Southern California's, maroon and gold). Only the doctor's hood includes panels with narrow satin piping.

Velvet "Field" colors, which symbolize academic areas of study, are as follows:

FIELD	COLOR
Arts, Letters and Humanities	White
Business	Drab
Economics	Copper
Education	Light Blue
Engineering	Orange
Fine Arts and Architecture	Brown
Journalism	Crimson
Law	Purple

FIELD	COLOR
Library Science	Lemon
Music	Pink
Nursing	Apricot
Philosophy	Dark Blue
Physical Education	Sage Green
Science	Golden Yellow
Speech	Silver Gray
Theology	Scarlet
